iOS Development Homework 3

1. "ConCocktail"
2. "Discover dynamic cocktails"
3. Do you find yourself making the same drinks every night? Many people do. However, a fresh take on your favorite drink could be the positive uplift you need to properly enjoy your evenings. ConCocktail provides users the ability to concoct their own blends and share with fellow users, manifesting an endless stream of drink combinations. Every recipe allows users to comment their tweaks and allow a dynamic experience to locate optimized mixed drinks.
- 4.

Startup Screen if not already seen.

Base searching screen, red button takes to the ConCocktail tool.

Changes glass image dynamically, liquids could be inserted through animation. Essentially allows user to build a custom cocktail and submit it to the database.

5.

Logo:

6. Food & Drink

7. "drink,cocktail,mixed,alcohol,liquor,craft,whiskey,vodka,tequila,rum,gin,brandy,scotch,cognac,liqueur"
